

No.N-18011/21/2016-CADWM  
Government of India  
Ministry of Water Resources, River Development and Ganga Rejuvenation  
CADWM WING  
\*\*\*

438, Krishi Bhawan  
New Delhi, dated 12<sup>th</sup> January, 2017

To  
The Principal Secretaries / Secretaries-in-charge of  
CAD&WM Programme (as per list enclosed)

**Subject: Guidelines for Central Assistance for Command Area Development works in prioritized AIBP funded Irrigation Projects**

Sir,

The Cabinet Committee on Economic Affairs has approved that Command Area Development (CAD) works of 99 prioritized AIBP projects are to be funded through NABARD borrowing under Long Term Irrigation Fund under existing Command Area Development and Water Management programme.

The guidelines for Central Assistance for CAD works of prioritized AIBP projects duly approved by the competent authority is enclosed.

Encl: As above.

Yours faithfully,

  
(J.R. BORO)

Senior Joint Commissioner (CAD-I)  
Tel/Fax: 23383090

Copy to:

- 1) PS to concerned Ministers of respective States (as per list enclosed)
- 2) Commissioners / Administrators of CADAs (as per list enclosed)

Copy also to:-

- 1) PS to the Minister (WR, RD&GR), New Delhi
- 2) PS to the Minister of State (WR, RD&GR), New Delhi
- 3) Sr.PPS to the Secretary (WR, RD&GR) New Delhi
- 4) Chairman, Central Water Commission, Sewa Bhawan, New Delhi
- 5) Joint Secretary & Financial Adviser (WR, RD&GR), New Delhi
- 6) Joint Secretary (A&GW), Ministry of Water Resources, RD&GR, New Delhi
- 7) Joint Secretary (PP), Ministry of Water Resources, RD&GR, New Delhi
- 8) Adviser (WR), NITI Aayog, New Delhi
- 9) CE (Project Monitoring Organization), CWC, Sewa Bhawan, R.K. Puram, New Delhi
- 10) CEs of field organizations of CWC (as per list enclosed)
- 11) Residents Commissioners of respective States, New Delhi
- 12) Directors (Mon & Appraisal) of field offices of CWC/CAD Cells (as per list enclosed)
- 13) Director (e-Governance), MoWR, RD&GR for uploading in website of the Ministry
- 14) Director (CAD), MoWR, RD&GR/SJC (CAD-II), MoWR, RD&GR

**GUIDELINES  
*for*  
CENTRAL ASSISTANCE  
*for*  
COMMAND AREA DEVELOPMENT WORKS  
*in*  
PRIORITIZED AIBP FUNDED IRRIGATION PROJECTS**

**NEW DELHI  
JANUARY, 2017**

**GUIDELINES FOR CENTRAL ASSISTANCE  
for  
COMMAND AREA DEVELOPMENT WORKS  
in  
PRIORITIZED AIBP FUNDED IRRIGATION PROJECTS**

<b>1.0</b>	<b>Introduction</b>
<b>1.1</b>	<p>A large number of irrigation projects taken up under the <i>Accelerated Irrigation Benefit Program (AIBP)</i> after its launch in 1996-97 were languishing due to inadequate provision of funds. During 2015-16, <i>Pradhan Mantri Krishi Sinchayee Yojana (PMKSY)</i> was launched with aims of enhancing physical access of water on farm and expanding cultivable area under assured irrigation, improving on-farm water use efficiency, introducing sustainable water conservation practices etc. Under this scheme, 99 ongoing AIBP funded irrigation projects – with total irrigation potential of 76 lakh hectare – have now been identified for prioritized implementation in a mission mode along with their <i>Command Area Development (CAD)</i> works. The list of 99 prioritized projects is given as <b>Annexure-I</b>. The <i>Central Assistance (CA)</i> for CAD works of these 99 projects will be funded through the ongoing <i>Command Area Development &amp; Water Management (CADWM)</i> Program covered under the PMKSY <i>Har Khet Ko Pani (HKKP)</i> component.</p>
<b>1.2</b>	<p>All aspects of the CAD works need be taken up in an integrated, convergent, and coordinated manner so as to achieve the envisaged objectives of raising food grains production to meet increasing needs of growing population. The CAD works of 99 prioritized AIBP funded projects are to be implemented in a holistic manner for fulfillment of following key intents:</p> <ul style="list-style-type: none"> <li>➤ Utilize <i>Irrigation potential created (IPC)</i> under the Project soon after its creation;</li> <li>➤ Improve water use efficiency;</li> <li>➤ Increase agricultural productivity and production;</li> <li>➤ Bring sustainability in the irrigated agriculture in a participatory environment.</li> </ul>
<b>1.3</b>	<p>Institutional arrangement will be as under:</p> <ul style="list-style-type: none"> <li>➤ All CAD works will be planned, designed, tendered and executed by the State Governments through its pertinent Departments<sup>1</sup>.</li> <li>➤ <i>Central Water Commission (CWC)</i> through its CAD Cells in the Regional Offices of CWC and the <i>Project Monitoring Organization (PMO)</i> at it's headquarter will provide the overall monitoring and coordination support.</li> </ul>

<sup>1</sup> For the prioritized projects covered by these guidelines, the CAD works are required to be taken up pari-passu with the AIBP works; hence it is desirable that the same Department executes both the works.

	<ul style="list-style-type: none"> <li>➤ Handholding support for strengthening of <i>Participatory Irrigation Management (PIM)</i> will be provided by select Social Facilitator<sup>2</sup> (one entity of Social Facilitator per Project to be engaged through the process of empanelment).</li> <li>➤ Activities of the select Social Facilitators will be monitored and coordinated by an agency/institute/consultant specialized in the field of social sciences to be engaged by the <i>Ministry of Water Resources, RD &amp; GR (Ministry)</i>.</li> </ul>
<b>2.0</b>	<b>Activities Covered Under CAD Component</b>
<b>2.1</b>	<p>The activities covered under CAD component of a Project are broadly categorized as 'Structural' and 'Non-Structural' interventions as detailed below:</p> <p><b>(a) Structural Intervention:</b> includes survey, planning, design and execution of:</p> <ul style="list-style-type: none"> <li>(i) On-Farm Development (OFD) works;</li> <li>(ii) Construction of field, intermediate &amp; link drains;</li> <li>(iii) Correction of system deficiencies; and</li> <li>(iv) Reclamation of waterlogged areas.</li> </ul> <p><b>(b) Non-Structural Intervention:</b> activities directed at strengthening of <i>Participatory Irrigation Management (PIM)</i> including:</p> <ul style="list-style-type: none"> <li>(i) One time Functional Grant to the registered Water Users' Associations (WUAs);</li> <li>(ii) One time Infrastructure Grant to the registered WUAs;</li> <li>(iii) Trainings, demonstration, and adaptive trials with respect to water use efficiency, increased productivity, and sustainable irrigation in participatory environment<sup>3</sup>.</li> </ul>
<b>2.2</b>	OFD works typically comprise of construction of field channels, land leveling <sup>4</sup> , and realignment of field boundaries. Construction of a requisite infrastructure for Micro-irrigation, in lieu of above typical works, is also part of the OFD works.
<b>2.3</b>	Infrastructure for micro-irrigation as a replacement of conventional OFD works is included with the intent of improving water use efficiency. Planning of micro-irrigation should ensure maximization of the <i>Culturable Command Area (CCA)</i> beyond the areas under gravity flow, assured irrigation to tail enders, and supply of water in volumetric basis.

<sup>2</sup> A Social Facilitator may be an NGO, or similar entity, having substantial experience in influencing village level social activities and reforms; they will render service as per TOR and payment made to them will be linked to the specified deliverables

<sup>3</sup> Trainings/demonstration/adaptive trials shall be organized through WALMIs/IMTIs.

<sup>4</sup> Component of land leveling shall be generally discouraged through adoption of micro-irrigation.

2.4	Micro-irrigation infrastructure includes components of sump, pump, HDPE pipelines, and pertinent devices <sup>5</sup> needed for bringing efficiency in water conveyance and field applications (through sprinklers, rain guns, pivots etc). In case of micro-irrigation, other components such as land leveling, drainage works etc would be reduced, or entirely discarded; enabling certain cost savings which is expected to offset the higher cost of Micro-irrigation infrastructure.
2.5	Micro-irrigation shall cover at least 10% of the CCA of the Project; and in case such computed micro irrigation extent falls below 40 ha, micro irrigation shall be done for 40 ha.
2.5	All activities of the CAD Component of Project shall be part of the <i>District Irrigation Plan (DIP)</i> and the <i>State Irrigation Plan (SIP)</i> . To the extent feasible, convergence <sup>6</sup> with other schemes of Central Government shall also be attempted for the closure of funding for CAD component.
3.0	<b>Inclusion of Projects for CAD Works</b>
3.1	Only a few of the 99 prioritized projects covered under the scope of these guidelines are currently included in the CADWM Program for central assistance, though all of them are already included in the AIBP program of the Central Government. The details of 37 such prioritized AIBP projects already included in the CADWM Program (as on 31 <sup>st</sup> August, 2016) is given as <b>Annexure-II</b> ; and the remaining Projects will be considered as new prioritized Projects for inclusion under CADWM Program.
3.2	<p>The CAD proposals for new prioritized Projects will be considered for inclusion in the CADWM Program in below listed manner:</p> <p>(a) The <i>Detailed Project Report (DPR)</i> of the CAD component of prioritized Project shall be prepared by the concerned State Government (as per instructions at <b>Annexure-III</b>) and two copies of the same shall be submitted to CAD Cell of the pertinent Regional Office of CWC.</p> <p>(b) CWC through its CAD Cell and the PMO shall appraise the DPR (as per procedure at <b>Annexure-IV</b>) and forward its recommendations to the CADWM Wing of the Ministry.</p> <p>(c) CADWM Wing of Ministry shall process the case for approval of competent level for inclusion of Project under CADWM Program within 15 days (typical timeline) of the receipt of recommended proposal from CWC.</p>

<sup>5</sup> The devices – such as sprinkler/ rain gun/ Drip sets etc. – needed to be installed by individual farmers below farm outlets are not part of the micro-irrigation infrastructure. Farmers are expected to bear the cost of such devices or avail subsidies available in extant scheme of the Ministry of Agriculture.

<sup>6</sup> Activities essentially involving earth works – such as construction of unlined field channels, intermediate & link drains, land leveling works, correction of system deficiencies, reclamation of waterlogged areas (particularly surface drainage) – may also be executed through PMKSY (Water shed) and MGNREGA, wherever feasible. However, funding of activities involving pucca works – such as construction of lined channels – may be covered under CAD component.

3.3	A <i>Memorandum of Understanding (MoU)</i> (as per format at <b>Annexure-V</b> ) shall be signed by the CADWM Wing and the concerned State Government after the competent-level approval and before the release of funds.															
3.4	The DPRs of prioritized AIBP projects that are already included in the CADWM Program will be once again reviewed by concerned CAD Cells for compliance as per CAD guidelines/ checklists. All cases of insufficiency-of-information or inadequacy-of-presentation in the DPR will be brought to the notice of State Government for furnishing of additional information or for the modification of DPR (as indicated by CAD Cell). Undue delay in compliance by the State Governments will be reflected in the Project Monitoring Report of CAD Cell and also in its recommendations for release of funds for the concerned Projects.															
4.0	<b>Funding Pattern</b>															
4.1	Funds under PMKSY (HKKP) for the CAD component will be provided to the State Governments as per <i>Cost Sharing Ratios</i> (which will be applied on the <i>Ceiling Costs</i> ) as below: <table><tr><th>S.No.</th><th>Activities Eligible for Funding</th><th>Cost Sharing Ratio</th></tr><tr><td>(a)</td><td>All activities of Structural interventions</td><td>50:50 (Centre : State)</td></tr><tr><td>(b)</td><td>All activities of Non-Structural interventions excluding Functional Grant to WUAs</td><td>60:40 (Centre : State)</td></tr><tr><td>(c)</td><td>Functional Grant to registered WUAs</td><td>45:45:10 (Centre: State: farmer)</td></tr><tr><td>(d)</td><td>Incremental Establishment Cost</td><td>50:50 (Centre : State)</td></tr></table>	S.No.	Activities Eligible for Funding	Cost Sharing Ratio	(a)	All activities of Structural interventions	50:50 (Centre : State)	(b)	All activities of Non-Structural interventions excluding Functional Grant to WUAs	60:40 (Centre : State)	(c)	Functional Grant to registered WUAs	45:45:10 (Centre: State: farmer)	(d)	Incremental Establishment Cost	50:50 (Centre : State)
S.No.	Activities Eligible for Funding	Cost Sharing Ratio														
(a)	All activities of Structural interventions	50:50 (Centre : State)														
(b)	All activities of Non-Structural interventions excluding Functional Grant to WUAs	60:40 (Centre : State)														
(c)	Functional Grant to registered WUAs	45:45:10 (Centre: State: farmer)														
(d)	Incremental Establishment Cost	50:50 (Centre : State)														
4.2	For the eight North Eastern States and the three Himalayan States of Himachal Pradesh, Jammu & Kashmir, and Uttarakhand, the cost sharing norms for ' <i>All activities of Non-Structural interventions except Functional Grant to WUAs</i> ' will be 75:25 (Centre : State) in lieu of 60:40 norm applicable for other States.															
4.3	The cost sharing formula for computation of Central Assistance will be applied on the Ceiling Cost arrived as per Cost Norms detailed at Annexure-VI. The eligible CA will be computed by the CAD Cell, and recommended for the release of central assistance by the Ministry.															
4.4	Excess expenditure over and above the Ceiling Cost, if any, will be borne by the States.															
5.0	<b>Procedure for Release of Central Assistance</b>															
5.1	The yearly Central Assistance arrived on the basis of annual targets will be spread over two installments – <i>First installment comprising of 60% of the CA, and the Second installment of balance 40% CA.</i>															

5.2	Proposal of the State Governments for release of First installment of every financial year shall be submitted to the CAD Cell along with following information (in prescribed <i>Proforma</i> as given in <b>Annexure-VII</b> ): <table><tr><th>S.No.</th><th>Information</th><th>Proforma No. (In Annexure-VI)</th></tr><tr><td>(a)</td><td>Checklist for holistic implementation of CAD works during Current Financial Year (CFY)</td><td>Proforma-1</td></tr><tr><td>(b)</td><td>Financial progress report for the Last Financial Year (LFY) and Budget provision of CFY</td><td>Proforma-2</td></tr><tr><td>(c)</td><td>District-wise Physical progress</td><td>Proforma-3</td></tr><tr><td>(d)</td><td>Utilization Certificate<sup>7</sup> in respect of CA released in the LFY</td><td>Proforma-4</td></tr><tr><td>(e)</td><td>Audited Statement of Accounts for the year before LFY</td><td>Proforma-5</td></tr><tr><td>(f)</td><td>Annual Review of status of progress of each project, and list of agency identified for concurrent evaluation</td><td>Proforma-6</td></tr></table>	S.No.	Information	Proforma No. (In Annexure-VI)	(a)	Checklist for holistic implementation of CAD works during Current Financial Year (CFY)	Proforma-1	(b)	Financial progress report for the Last Financial Year (LFY) and Budget provision of CFY	Proforma-2	(c)	District-wise Physical progress	Proforma-3	(d)	Utilization Certificate <sup>7</sup> in respect of CA released in the LFY	Proforma-4	(e)	Audited Statement of Accounts for the year before LFY	Proforma-5	(f)	Annual Review of status of progress of each project, and list of agency identified for concurrent evaluation	Proforma-6
S.No.	Information	Proforma No. (In Annexure-VI)																				
(a)	Checklist for holistic implementation of CAD works during Current Financial Year (CFY)	Proforma-1																				
(b)	Financial progress report for the Last Financial Year (LFY) and Budget provision of CFY	Proforma-2																				
(c)	District-wise Physical progress	Proforma-3																				
(d)	Utilization Certificate <sup>7</sup> in respect of CA released in the LFY	Proforma-4																				
(e)	Audited Statement of Accounts for the year before LFY	Proforma-5																				
(f)	Annual Review of status of progress of each project, and list of agency identified for concurrent evaluation	Proforma-6																				
5.3	<p>Proposal of the State Governments for release of Second installment of every financial year shall be submitted to the CAD Cell along with following information:</p> <p>(a) Utilization Certificate of funds released from first instalment during CFY.</p> <p>Even if no releases have been requested, a Utilization Certificate for Central Assistance as also the matching share released for the project will be submitted by the State in prescribed format in GFR 19-A for the preceding FY within one month from the expiry of the respective financial year i.e. by 30<sup>th</sup> April, of the following FY.</p>																					
5.4	Proposal of the State Governments for release of CA instalments shall be examined by CWC through its CAD Cell (as per procedure at <b>Annexure-VIII</b> ) before its recommendations to the CADWM Wing of Ministry for release of funds.																					
5.5	CADWM Wing of Ministry shall process the case for approval of competent level for release of CA instalments within 15 days (typical timeline) of the receipt of recommendations from CWC.																					
6.0	<b>Monitoring and Continual Improvement</b>																					

<sup>7</sup> A utilisation certificate duly countersigned by the Principal Secretary/Secretary of the concerned Department in ink and stamped will be submitted by the State for the central assistance as also the matching state share in the prescribed format in Form GFR 19-A [Annex-II (Proforma-4)] at the time of making proposal for the first instalment/subsequent release for the project. The Utilization Certificate must contain physical achievement of CADWM components as agreed to in the MoU on year to year basis, and date of release of Central share/State share to the implementing agency along with respective order number and date.

6.1	<p>Monitoring of CAD implementation will be carried out with the intent of continual improvement. The <i>Three-tier Monitoring System</i> (as per schematic presentation given at <b>Annexure-IX</b>) will entail the following:</p> <p>(a) Field level monitoring of Structural intervention by the CAD Cell and that of Non-structural intervention by the select Social Facilitator.</p> <p>(b) Assimilation of cross learning, troubleshooting (wherever required), and coordination, in case of Structural intervention by the PMO (CWC), and in case of Non-structural intervention by the agency/institute/consultant specialized in the field of social sciences engaged by the Ministry.</p> <p>(c) Overall Project implementation review, dissemination of cross learning, and directions for continual improvement, by the Project Implementation Review Committee (PIRC) – Zone level<sup>8</sup> PIRCs with representations from Project Authorities, CAD Cells, PMO (CWC), Social Facilitators, and social sciences agency/institute/consultant engaged by the Ministry</p>
6.2	<p>Progress of CAD implementation shall be provided and updated (Monthly basis) on the centralized web based MIS by the State Government. A Quarterly Progress Report (QPR) of each project (for period ending March, June, September and December) shall also be submitted by the State Government to the CAD Cell and the associated Social Facilitator within a month of the reporting period. The QPRs shall explicitly bring out the quarterly and cumulative progress and reasons for shortfall, if any, for each activity of the Structural and Non-structural interventions.</p>
6.3	<p>The CAD Cell shall continuously and closely monitor the Structural interventions of the project through review of QPRs, field visits, and meetings with the project officials. A of minimum two field visits per project per year shall be carried out by the CAD Cell, and the field-visit report along with key observations/ recommendations on the progress as well as quality of works shall be submitted to the State Government, PMO and CADWM Wing.</p>
6.4	<p>The Social Facilitator shall work at the grass-roots level and provide continuous handholding support to the WUAs and farmers for implementation of Non-structural interventions towards sustainable PIM. Social Facilitator shall also assist the WUAs in providing and updating its performance on the CADWM Project Monitoring website and related MIS portals for facilitating bench-marking, cross-learning and performance awards. Wherever possible, the identified Social Facilitator shall work towards use of smart card in distribution of water (aiming at guaranteed adequate water entitlement, and pre-payment of water charges) on pilot basis under adaptive trial. Half-yearly reports of Social</p>

<sup>8</sup> PIRCs will be constituted for 4 zones of N&NE, West, Central and South.

	Facilitator's activities along with its key observations/ recommendations on the progress of Non-structural interventions and reasons for shortfall, if any, shall be submitted to the State Government, Social Sciences agency/institute/consultant and CADWM Wing.
6.5	PIRC (of each Zone) shall conduct minimum two meetings in year. Decisions on all aspects of project implementation for continual improvement in the pace and quality of both Structural and Non-structural interventions shall be taken by the PIRC, and it shall be binding on all the parties concerned.

ANNEXURE-I

Ministry of Water Resources, River Development and Ganga Rejuvenation

ANNEXURE-III

**INSTRUCTIONS FOR PREPARATION OF DETAILED PROJECT REPORT (DPR)**

The DPR shall be prepared as per the Part-IV of Ministry of Water Resources' Guidelines for Preparation of Detailed Project Report of Irrigation and Multipurpose Projects (2010), and the following shall also be ensured:

- (i) DPR shall be as per the District Irrigation Plan /State Irrigation Plan approved<sup>9</sup> by competent authorities.
- (ii) DPR shall be based on feasibility studies, competencies of implementing agencies, anticipated benefits (outputs/ outcomes) that will flow to the farmers/ State, and definite timelines<sup>10</sup> for implementation of prioritized projects.
- (iii) DPR shall include detailed cost estimate as well as (contract) package-wise<sup>11</sup> break-up of the cost estimate.
- (iv) DPR shall include layouts and drawings detailing the proposed CAD works below each outlet of the minors/ distributaries, and site-boundaries of each envisaged contract package shall also be presented on the suitable digital Map, for facilitation of project monitoring. To the extent possible, DPR shall also present the geo-tagging of field-channel outlets proposed to be created under CAD works.
- (v) DPR shall chart out a viable road map for PIM in the targeted command. DPR shall list out the WUAs already created along with details of their CCA coverage, and it shall also identify the balance WUAs to be created along with targeted CCA under them.
- (vi) Timelines of Non-Structural interventions (e.g. registration<sup>12</sup> of WUAs, release of functional grants/ infrastructure grants to WUAs, trainings to WUAs/ farmers etc.) shall be presented in the DPR along with completion schedules of Structural interventions in respective WUA jurisdictions.
- (vii) DPR shall include quarterly phasing of the physical and financial targets.
- (viii) DPR shall include provision for monitoring and evaluation.

<sup>9</sup> In case the approved DIP/SIP are not in place, the CAD component proposals shall have the approval of the State Level Sanctioning Committee (SLSC)/ State TAC on recommendation of Inter Departmental Working Group (IDWG), as indicated under Section 11.0 of the operational guidelines of PMKSY.

<sup>10</sup> Out of the 99 prioritized projects, 23 projects (Priority-I) are targeted for completion during 2016-17, another 31 projects (Priority-II) by 2017-18, and balance 45 projects (Priority-III) by December 2019. See Annexure-I for priority-wise list of identified Projects.

<sup>11</sup> Large size of contract packages shall be encouraged so as to achieve maximum coverage of structural intervention per package. In certain cases where actual cost-rate of an activity is justifiably higher than the indicated cost norm, the enhanced 'per hectare' rate may be allowed provided the total cost of applicable activities is aggregated at the level of work package for the computation of ceiling cost. In all such cases, the larger size of package will enable greater flexibility in absorbing variations in cost components of different activities.

<sup>12</sup> Every registered WUA will also be required to create a login account on the CADWM Project Monitoring website and related MIS portals and furnish details of its functioning. The portal, besides facilitating the WUAs with relevant information, will also enable performance monitoring, bench marking, and ranking of WUAs for performance awards.

ANNEXURE-IV

**PROCEDURE FOR APPRAISAL OF DETAILED PROJECT REPORT (DPR)**

Sl. No.	Activity	Typical Timelines
1	State Government will submit two copies of DPR to the CAD Cell of CWC.	-
2	CAD Cell will examine the DPR from technical and financial aspects, and for its compliance of the CAD guidelines.	10 days
3	CAD Cell will inform the State Government of any insufficiency-of-information or inadequacy-of-presentation in the DPR.	Within 10 days of receipt of DPR
4	State Government will submit compliance, by way of furnishing of additional information or by modification of DPR (as indicated by CAD Cell).	Within 10 days of receipt of CAD Cell's observations
5	CAD Cell will furnish its recommendations/comments along with one copy of the duly examined DPR to the Project Monitoring Organization (PMO) at CWC Headquarter.	Within 15 days of receipt of original DPR, or within 10 days of receipt of additional info/modified DPR
6	PMO (CWC headquarter) will either inform the State Government about non-acceptance <sup>13</sup> of CAD funding proposal duly citing reasons of refusal, or forward its recommendations on eligible Central Assistance to the CADWM Wing of the Ministry.	within 15 days of receipt of proposal from CAD Cell

<sup>13</sup> The non-accepted CAD funding proposals will have to be resubmitted by the State Governments to the CAD Cells after incorporation of necessary corrections in DPRs. Thus received DPRs will be processed by CWC under fresh timelines.

Annexure-V

**Memorandum of Understanding (MoU) between the Ministry of Water Resources, RD & GR Government of India and Government of..... for completion of.....CAD&WM Project.**

(This supersedes the earlier MOU dated.....for mentioned project)  
(Delete if not applicable)

Ministry of Water Resources, River Development and Ganga Rejuvenation

1. This MoU is made between the Ministry of Water Resources, RD & GR, Government of India and the Government of .....for the completion of .....CAD&WM Project (henceforth referred as 'Project') from 2016-17 to ..... which was included under CAD&WM Programme of PMKSY for central assistance.
2. According to the State Government, the expenditure up to 3/2016 is Rs..... crore and .....ha of CCA has already been covered. The balance cost for completion of the project is thus Rs.....crore with a balance CCA of .....ha. Thus full CCA of .....ha will be completed with an estimated cost of Rs.....crore. Annual physical and financial targets for balance CCA under different activities of the project from the year 2016-17 to ..... are as shown at Annexure -VA . Year-wise Central and State share are at Annexure -VB.
3. Ministry of Water Resources RD&GR, Government of India agrees to extend total Central Assistance of Rs.-----Crore staggered over the period starting from 2016-17 and till target completion year ending March------. The State Government shall keep budgetary allocation for the project in State budget accordingly so that the project is completed by its targeted date.
4. Information on year-wise targeted Irrigation Potential Created and Irrigation Potential Utilized of the Irrigation Project are as under:-

S. No	Year	Irrigation Potential Created/ Proposed to be created. (hect.)	Irrigation Potential Utilized/ Proposed to be Utilized. (hect.)	
			In CCA (ha.)	In IPU(ha.)
1.	Till 2015-16			
	2016-17			
	2017-18			
	2018-19			
	2019-20			
	Total			

5. Brief description of project along with its salient features and maps as per **Annexure-VC**.
6. The Project will be treated as complete on completion of CAD works and on handing over the control and management of irrigation system to the Water Users' Association. The State Government shall inform completion of project to CWC and Ministry of WR, RD&GR, for deleting the project from the list of ongoing Project.
7. Funding of the Project has been arranged by borrowing from NABARD. If the State Government fails to complete the project as per time line mentioned in above Paras, or as per the revised time line approved by the Competent Level, the Central Assistance released for the project along with the cost incurred in borrowing the CA amount from NABARD shall be converted to loan to the State Government and shall be recovered as per usual terms of recovery of the Central loan.
8. The project will be closely monitored by State Government and Central Water Commission, Ministry of Water Resources, RD&GR and NITI Aayog. Third party monitoring of the project will also be got carried out by Central Government/ State Government for ensuring timely completion of project. The State Government shall provide all the assistance required to the monitoring team in this regard.
9. The concerned State Government officers shall update the progress of project components on the MIS system (developed by this Ministry) in 1<sup>st</sup> week of each month.
10. The State Government shall ensure strengthening of existing quality control mechanism and maintain required quality control in the execution of the works. The State Government shall also ensure that all mandatory quality control checks and mandatory inspection by supervisory officers and quality control tests by field laboratories has been carried out. Periodical report of quality control will also be submitted to CWC.
11. State shall give the project accounts audited by State AG regularly and submit the compliance. Copies of such audit report and compliance should be submitted to the CWC and Ministry.
12. State Government shall hand over the project area to WUAs after completion of CAD works including correction of system deficiencies.
13. The State Government shall deposit one time functional grant and one time infrastructural grant in the accounts of WUAs and ensure commencement of their effective functioning.
14. Independent evaluation of project is mandatory and shall be carried out by State Governments through an independent agency and the report shall be submitted to CWC/ Ministry.

15. The State Government shall provide all the support to the Ministry in respect of any information required on progress of project, expenditure incurred, Utilization Certificate in prescribed format, or any other details requested by this Ministry.
16. State Government agrees to undertake reform measures for strengthening of WALMI/IMTI, wherever applicable, as per guidelines. These institutes shall be involved in organization of demonstrations, adaptive trials and trainings to the Water Users' Associations of the project.
17. The Central assistance will be given in two installments as per the condition prescribed in the scheme guidelines.

Signed on the day ..... 20..... at New Delhi.

For and on behalf of the State Govt.

.....

Principal Secretary/Secretary  
in-Charge of CAD,  
Government of .....

For and on behalf of Govt. of India

Commissioner (CAD), Ministry of  
Water Resources, RD&GR

**COST NORMS & PROCEDURE FOR COMPUTATION OF CEILING COST**

Sl. No.	Activity	Cost Norms	Procedure for computation of Ceiling Cost
<b>(I) Structural Interventions</b> <b>(Total Cost: Rs. 35,000 per hectare)</b>			<p>1. Activity-wise cost of the applicable structural interventions for a Project shall be calculated by multiplying respective cost norm with the <i>Culturable Command Area (CCA)</i> (in hectare) covered by the Project.</p> <p>2. The overall cost of Structural intervention shall be computed by totaling the cost of each applicable activity, and thus arrived total cost shall be restricted to an amount arrived by multiplication of Rs.35,000 with the CCA (in hectare) of Project.</p> <p>3. A reasonable increase (over and above the indicated cost norm) in rate of any particular activity shall be permitted if due justifications are furnished. However, in all such cases, the procedure listed at Para 1 &amp; 2 above shall be applicable on the aggregated area of each (proposed) work package instead of gross CCA of the Project.</p>
a)	Survey, Planning and designing of OFD Works	Rs.1,200 per hectare	
b)	On-Farm Development (OFD):		
i)	Construction of lined field channels, laying of underground pipelines etc for gravity flow.	Rs.25,050 per hectare	
ii)	Mechanized land leveling in the hilly/difficult areas, laser land leveling in select areas.	Rs.50,000 per hectare	
iii)	Micro-irrigation infrastructure including components of sump, pump, HDPE pipelines, and pertinent devices.	Rs.50,000 per hectare	
c)	Construction of Field, intermediate and link drains.	Rs.6,000 per hectare	
d)	Correction of system deficiencies in systems of capacity up to 4.25 Cumec (150 cusec)	Rs.8,000 per hectare	
e)	Reclamation of water logged areas:		
i)	Surface drainage, including reclamation through Bio-drainage	Rs.20,000 per hectare	
ii)	Sub-surface drainage	Rs.50,000 per hectare	
<b>(II) Non-structural Interventions</b> <b>(Total Cost: Rs. 5,000 per hectare)</b>			<p>1. Activity-wise cost of the applicable non- structural interventions shall be calculated for each Project as per indicated cost norm.</p> <p>2. Total cost of all activities of non-structural interventions shall be restricted to an amount arrived by multiplication of Rs.5,000 with the CCA (in hectare) of Project.</p>
a)	Onetime grant to registered/ elected Water Users' Association (WUA):		
i)	Functional grant	Rs.1,200 per hectare	
ii)	Infrastructure grant	Rs.3 lakh per WUA	
b)	Trainings, demonstration, and adaptive trials (including on micro- irrigation, water use efficiency, increased productivity and sustainable irrigation).	Actual cost	
c)	Incremental establishment including the cost payable to Social Facilitator (engaged and paid by Union Ministry) through social sciences agency/ institute/ consultant.	Actual cost <sup>14</sup>	

<sup>14</sup> Limited to 10% of cost items (b) to (e) of structural intervention

**PROCEDURE FOR EXAMINATION OF PROPOSALS FOR RELEASE OF  
CA INSTALMENTS**

Sl. No.	Activity	Typical Timelines
1	State Government will submit proposal for release of CA installment to the CAD Cell of CWC.	-
2	<p>CAD Cell will examine each release proposal in following manner:</p> <p>(i) Conformity of proposal with respect to the corresponding annual target.</p> <p>(ii) Validation of the amount of CA on the basis of actual costs of work packages awarded, for downward revisions of CA, wherever applicable.</p> <p>(iii) Ensure receipt of the following in case of second instalment of the annual release:</p> <p>a. Utilization Certificates<sup>16</sup> of at least 50% of funds released in first instalment during CFY.</p>	15 days
3	CAD Cell will forward the case to CADWM Wing with recommended amount of instalment along with its observations on the performance of project in terms of physical and financial progress as well as quality of works executed.	Within 15 days of receipt of release proposal

Ministry of Water Resources, River Development and Ganga Rejuvenation

<sup>16</sup> A utilisation certificate duly countersigned by the Principal Secretary/Secretary of the concerned Department in ink and stamped will be submitted by the State for the central assistance as also the matching state share in the prescribed format in Form GFR 19-A (Annex-II (Proforma-4)) at the time of making proposal for the first instalment/subsequent release for the project. The Utilization Certificate must contain physical achievement of CADWM components as agreed to in the MoU on year to year basis, and date of release of Central share/State share to the implementing agency along with respective order number and date.

**FRAMEWORK FOR MONITORING AND CONTINUAL IMPROVEMENT**

<sup>17</sup>For each of the 99 priority projects under AIBP, a separate Social Facilitator will be selected from an empanelment of suitable entities by an agency/institute/consultant specialized in the field of social sciences; and such Social Facilitator will function and will be paid service charges as per TOR to be evolved by social sciences agency/ institute/consultant, and their scope of assignment shall be suitably enhanced to cover the intended role.

<sup>18</sup>PIRC will consists of representatives from the State government, Central Government, CWC, Social Sciences agency/ institute/consultant, Social Facilitator, and WALMIs/IMTIs. The Committee will give direction with regard to changes in implementation, priority area, coordination, quality control or any other matter related to meaningful implementation of the project.
