Waterlogging: Over 21K seek crop loss relief

RAVINDER SAINI
TILAK NEWS SERVICE

ROHTAK, SEPTEMBER 14
Over 21,000 farmers have sought compensation under the Pradhan Mantri Beech the Beema Yojana (PMFBY) for the losses suffered by them for their cotton and bajra crops in Rohtak, Jhajjar, Rewari and Mahendragarh districts due to the accumulation of rainwater in their fields in the past 10 days.

In Rewari district, around 12,000 farmers have filed complaints with the Agriculture Department, while 4,800 complaints from Jhajjar, 3,000 from Mahendragarh and 1,000 from Rohtak district have been received. The farmers are bound to file a complaint within 72 hours of the losses to get compensation.

There are 82 villages in Rewari district from where complaints of waterlogging

12K farmers in Rewari, 4,800 in Jhajjar, 3K in M/Garh & 1,800 in Rohtak file applications

A farmer in the flooded field in Rohtak's Samachana village.

In more than 25 per cent of the total insured area under the PMFBY have been received. Among these, 48 villages are located in the Jhajjar block, 15 villages in Nohar, 10 villages in Rewari and eight villages are in the Kholi block. Our teams in all

blocks are working to verify the complaints," said Balwant Singh, deputy director, Agriculture (DDA), Rewari. A majority of the villages under the Samachana block in Jhajjar district have been badly hit by the rains, while all five blocks are equally

affected in Rohtak district due to waterlogging. "Our 20 acres of agricultural land is flooded with knee-deep water, resulting in extensive damage to bajra, jowar and paddy crops. Hundreds of acres of other agricultural land in the village are also submerged under rainwater, but the authorities are not bothered about draining out the stagnant water," said Ashish, a distressed farmer of Samachana village in Rohtak.

Dr. Jinder Singh, DDA, Rohtak, and Jhajjar, said a survey had already been conducted in around 50 per cent of the complaints to verify the losses, while Vazir Singh, DDA, Mahendragarh, said the survey report of 1,700 of the 3,000 complaints had been uploaded on the portal so that the insured farmers could get the compensation at the earliest.

Heavy rains lash 3 districts of Gujarat

Heavy rains in Rajkot, Junagadh and Jamnagar (in pic) districts of Gujarat have led to evacuation of more than 7,000 persons, officials said on Tuesday.

Nearly 500 in CM Bhupendra Patel visited rain-hit parts of Jamnagar city and assured help to flood-hit persons. A NH passing through Jamnagar and 18 state

highways passing through Rajkot, Jamnagar and Junagadh districts of the Saurashtra region were closed due to flooding. Many villages were cut off from other parts of the state as roads were inundated. The IAF, Navy and Coast Guard were called in to help in the rescue operations. 7,000 persons evacuated in Rajkot's Loderika taluka. 516 mm rainfall in Rajkot's Loderika taluka. 468 mm rainfall in Junagadh's Vesaradar taluka.
