カルノタフレ8 Heavy rain floods Mangaluru roads

MANGALURU, DHNS: Incessant rains lashed different parts of Dakshina Kannada district on Monday. Though the sky was clear in the morning, Mangaluru received heavy showers in the noon, resulting in water-logging in low-lying areas in the city.

The met department has predicted more rain till August 29 in coastal Karnataka as well as Malnad regions. Water accumulated on Bhagavathi Road, Kottara Chowki, Alake and Padil railway underbridge causing hardship to motorists. They were seen struggling to navigate through flooded roads.

In the past 24 hours (ending 8 am on Monday), Dakshina Kannada district received an average of 7.7 mm rainfall. Bantwal received highest of 11.9 mm followed by Mangaluru—9.9 mm. The water-level in River Nethravathi stood at 5.2 metre in Bantwal while it was 24.8 metre in Uppinangady.
